Professional Putting Greens by Brilliant8 for Private Gardens, Hotel Resorts, and Golf Clubs.

Brilliant8 is the exclusive partner for Austria, Italy, Switzerland, Slovenia, Croatia and Eastern Europe for Southwest Greens.

We take pride in the fact that more than 30 PGA Professionals at the very top of their game like Jim Furyk, Vijay Singh, Sergio Garcia, and Justin Rose have our Southwest Green custom-designed golf greens in their gardens. We are experts in building golf greens that have the look, feel, and performance similar to what is experienced on the best golf courses in the world. It is the reason why the world's leading golf course architectural firm - Nicklaus Design - chose Southwest Greens to work with them to offer a Premium Line of synthetic golf greens.

Southwest Greens is the recognised leader in the design and installation of low-maintenance, Championship-calibre synthetic golf greens all over the world.

Brilliant8 - No work - all play. Golf at home like the PGA Pros.
